1. Aane ki Wajah
Mummy-ji dono ghutno me dard ki shikaayat lekar aayi thi, khaas taur par daayein ghutne me subah uthte time akad jaata hai aur seedhi chadhte-utarte time dard badh jaata hai.
Arjun Mehra saath me aaya tha aur usne bataaya ki ghar par Mummy-ji roz thoda-thoda chalti hai lekin lambi der khade rehne se dard wapas aa jaata hai.

2. Checkup me Kya Mila
Doctor sahab ne ghutne ko haath se check kiya tha, soojan halki mili thi lekin koi naya girna ya moch ka nishaan nahi mila tha.
BP aur weight normal range me note kiya gaya tha aur chalne ka tareeka bhi dekha gaya tha jisme daayein taraf halka zor dekar chalna dikha tha.
X-ray repeat karne ki zaroorat abhi nahi samjhi gayi thi kyunki dard pehle se thoda kam bataaya gaya tha.

3. Physio Exercises - Roz Karne Wale
Nurse didi ne teen simple exercises samjhaaye the aur saamne karke bhi dikhaaye the.
Pehla, kursi par seedha baithkar dheere se pair seedha karna aur 5 second rokna, ek pair se 10 baar, din me 2 baar.
Dusra, seedha letkar ghutne ke neeche chhota tauliya roll rakhkar ghutne se tauliye ko dabana, 5 second rokna, 10 baar, din me 2 baar.
Teesra, sahara lekar dheere-dheere 5 minute ghar ke andar chalna, ekdum thakne tak nahi karna hai.
Garam sek din me ek baar 10-15 minute ke liye karne ko bola gaya tha, bahut garam paani se sekne ko mana kiya gaya tha.

4. Dawai aur Savdhaani
Dard zyada hone par hi khaane wali dawai di gayi thi, roz khaane ko nahi bola gaya tha.
Zameen par palathi maar kar baithne aur bhaari balti uthaane se mana kiya gaya tha.

Toilet me handle ka sahara lene aur seedhi par dheere-dheere ek-ek step lene ko samjhaaya gaya tha.

5. Agla Review
Abhi koi urgent date nahi di gayi thi, lekin dard badhe ya soojan zyada ho to dobaara polyclinic me slot lekar dikhaane ko bola gaya tha.
Nurse ne bola tha ki agar teen hafte tak exercise ke baad bhi chalne me takleef rahe to physio ke liye referral de diya jaayega.
Saari baat HealthHub me update kar di gayi thi aur print lene ki zaroorat nahi bataayi gayi thi.
